

Bradgate Bakery Appointed Person First Aid

Two staff members working at Bradgate Bakery, a division of Samworth Brother Ltd, have recently undertaken the First Aid training with Leicester College in order to comply with the Health and Safety (First-Aid) Regulations 1981.

Kate Bevins, Training Manager, said, "Our latest training has been in First Aid, and the feedback we have received about the trainer, assessors and service provided is extremely positive. I would certainly recommend Leicester College to other organisations and we are already working in partnership again for future training requirements."

First Aid

As an employer, you have a duty of care to both employees and customers, not only to protect them, but also to provide adequate support in the event of an emergency.

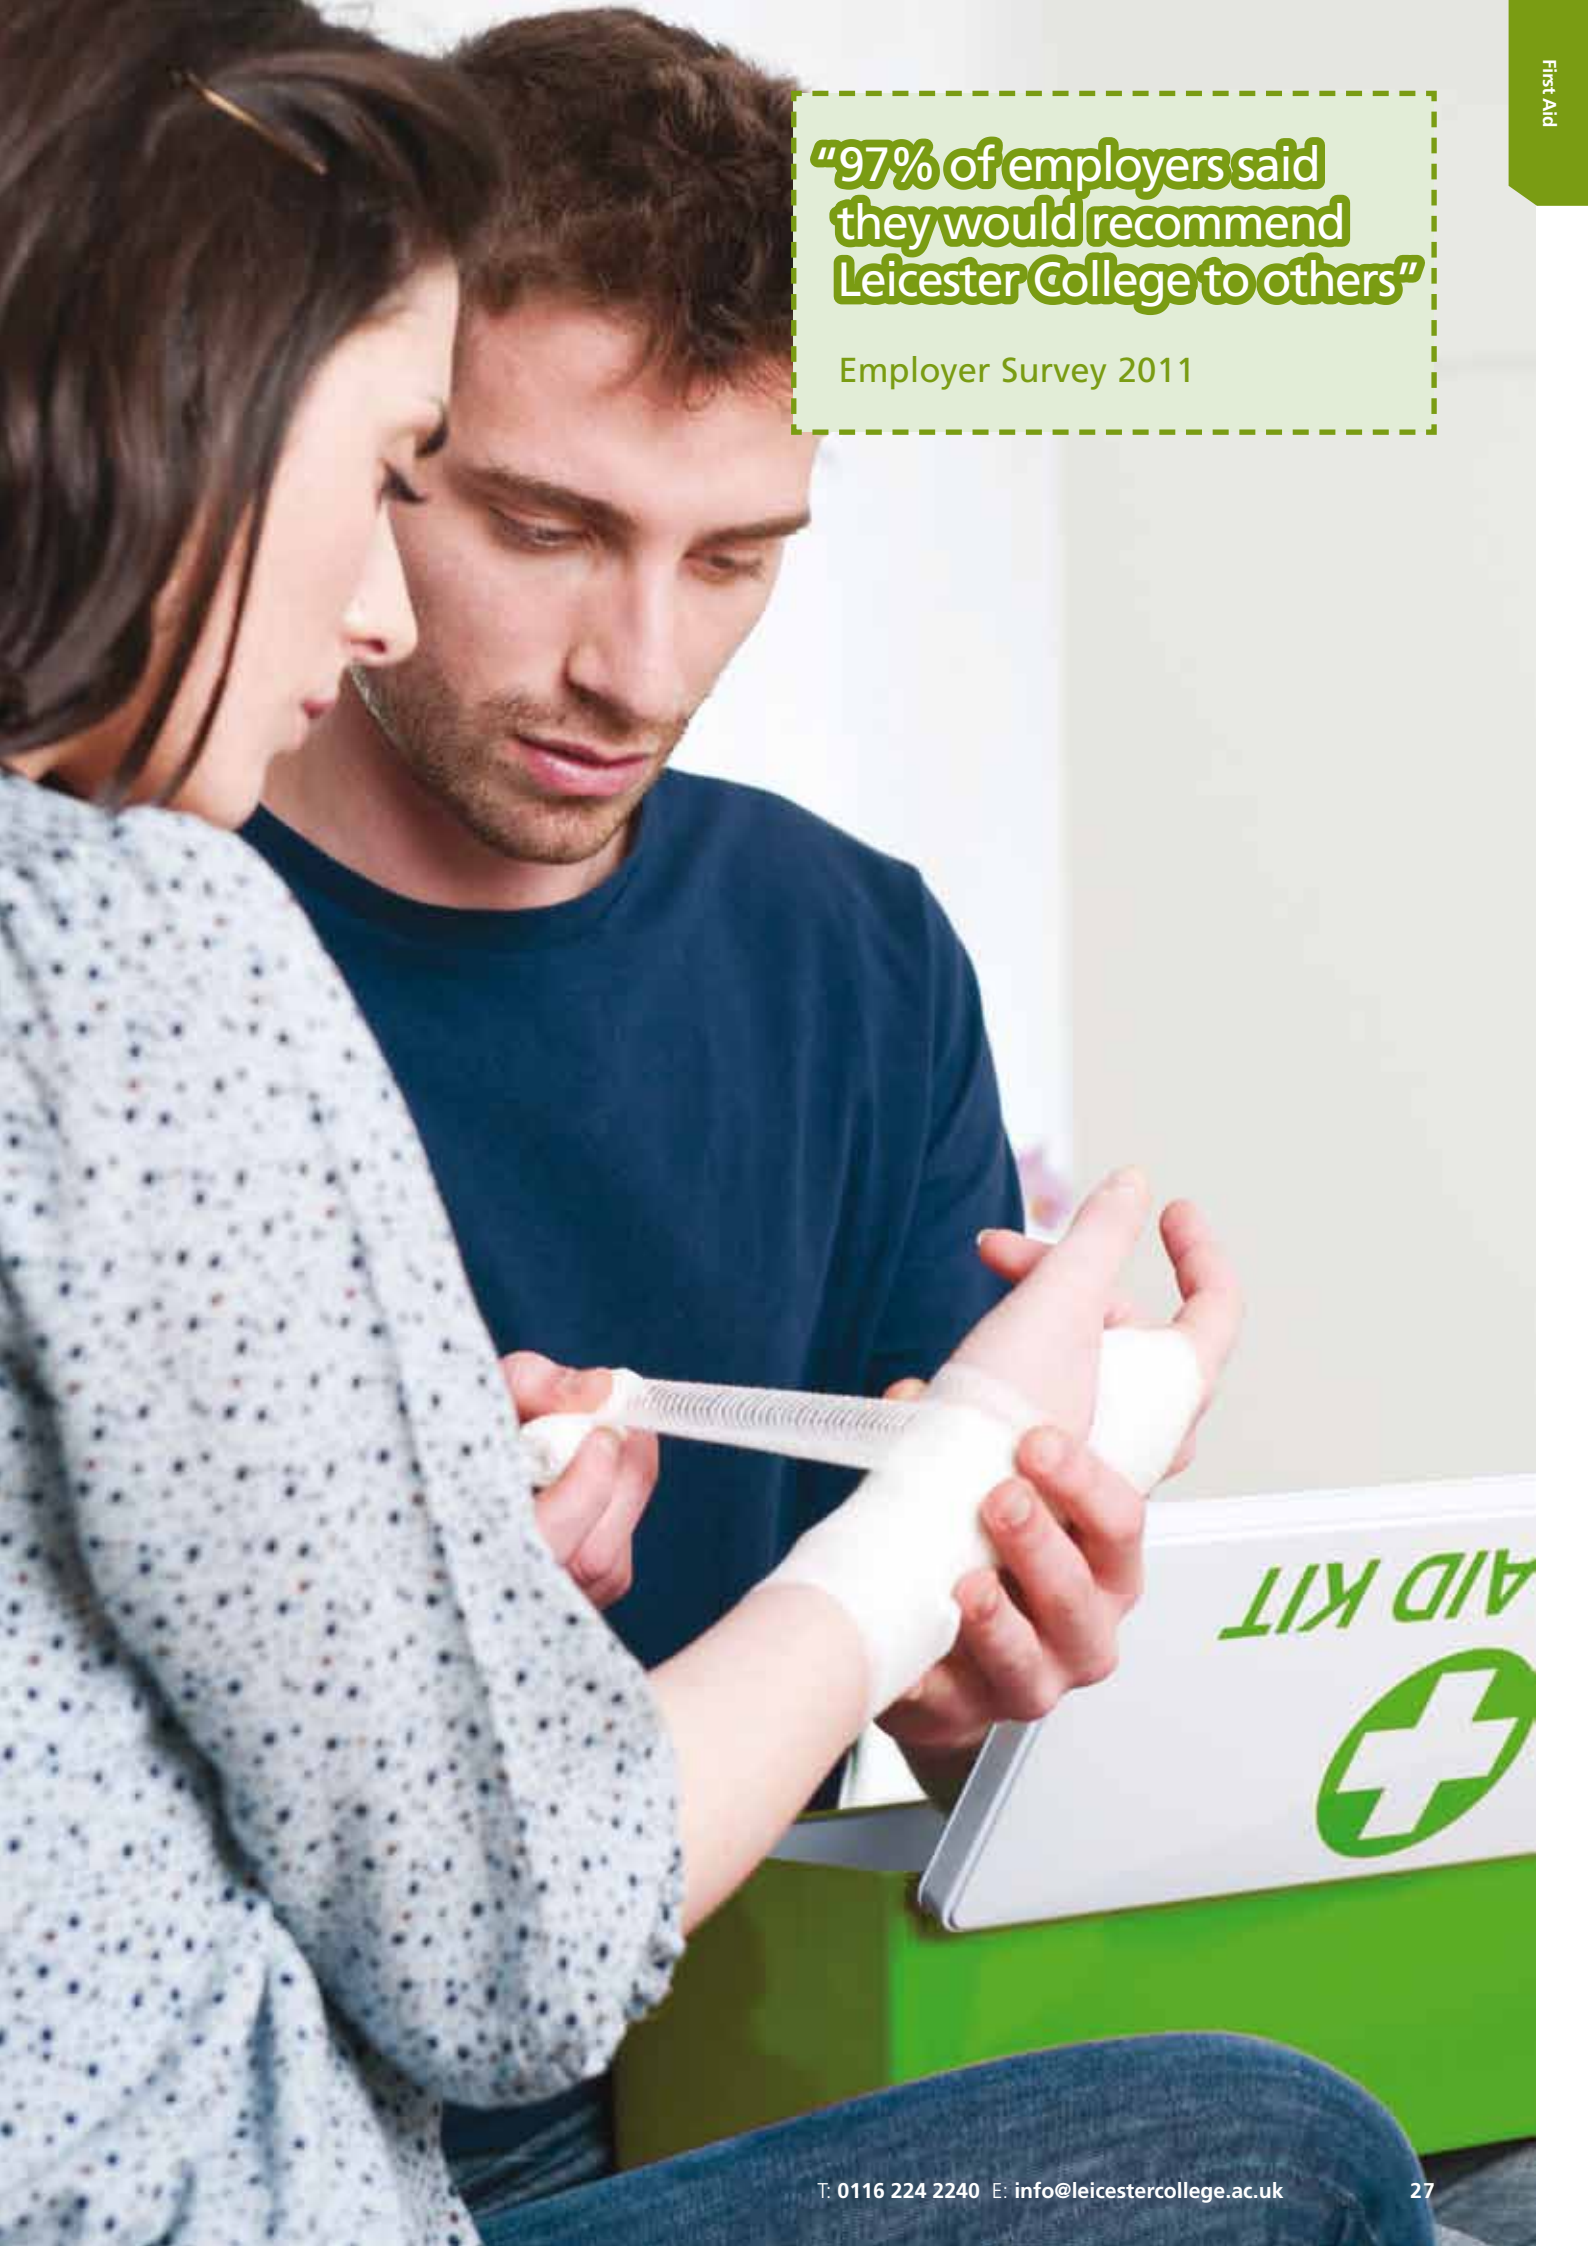

The Health and Safety (First Aid) Regulations 1981, require you to provide equipment, facilities and personnel to allow first aid to be given to your employees if they fall ill at work.

The Health and Safety Executive (HSE) also strongly recommends the provision of first aid for members of the public who visit your premises. The first aider on your premises should hold a current Emergency First Aid at Work Certificate. We can offer appointed person and first aid training, in-house and tailored to the workplace and specific job roles.

"97% of employers said they would recommend Leicester College to others"

Appointed Person First Aid

Course Code: A6996

Fees 2

Start Date: Flexible

What is the training about?

By law, employers must carry out a risk assessment to establish the level of first aid cover required for each location. This practical training is designed for workplaces with lower risk and few employees.

Who should attend?

It is aimed at those delegates who are the recognised nominated person, who can take charge when someone is injured or falls ill and maintains the first aid equipment.

Training outcomes

By the end of the training, delegates should be able to demonstrate techniques which enable them to offer support in the event of accidents and illnesses, including: treatment of wounds, burns and scalds, heart attacks and strokes, shock and unconsciousness.

Duration

One day.

Assessment

Assessment is through continuous assessment.

Progression

Delegates who are required to take a more active role in workplace Health and Safety may wish to consider the HSE. First Aid at Work or any of the Health and Safety programmes
