

Apprenticeships

Learn a trade while you earn a wage

For more information on Apprenticeships, please ask for a copy of Guide to Apprenticeships

Call 0116 224 2240.

What is an Apprenticeship?

1. Apprenticeship

- One to two year programme
- NVQ 2 qualification
- Functional Skills included
- Technical Certificates included
- You must be employed, or actively seeking relevant employment, however we may be able to support you to find an employer

2. Advanced Apprenticeship

- Two to four year programme
- NVQ 3 qualification
- Relevant entry qualifications may be necessary
- Functional Skills included
- Technical Certificates included
- You must be employed, or actively seeking relevant employment, however we may be able to support you to find an employer

How many days will I work and study?

In most instances you will work four days and study for one day per week although this will depend on the actual Apprenticeship.

What will it cost me?

If you are aged 16 to 18 you may be eligible for free training under the Learning and Skills Council (LSC) funded Apprenticeship scheme. If you are 19 or above, your employer will have to make a contribution. The cost of the course covers all workplace visits, training and assessment support, study packs, registration and NVQ certification. You will be expected to contribute towards the cost of materials and have appropriate equipment to carry out practical tasks.

An Apprenticeship allows you to get qualified while working and earning. We offer Apprenticeships in:
